**Re: Request for Agency Action  
Docket No. 2013-034  
Cause No. 131-136**

Members of the Board:

Reference is made to Crescent Point Energy U.S. Corp's ("CPE") Request for Agency Action ("RAA") to establish sectional (640-acre or substantial equivalent) drilling units to authorize up to 16 producing wells per drilling unit established for the production of oil, gas and associated hydrocarbons from the Lower Green River and Wasatch formations ("Subject Formations" as defined in the subject RAA) by extending the Board of Oil, Gas and Mining's ("Board") Orders entered in Cause Nos. 131-14 and 131-24 (as defined in the subject RAA) in the lands underlying the Randlett Area located in Township 3 South, Ranges 1 and 2 East, USM and Township 4 South, Range 2 East, USM, Uintah County, Utah ("Subject Lands" as defined in the subject RAA).

Now therefore, Kerr-McGee Oil & Gas Onshore LP ("KMG"), a wholly owned subsidiary of Anadarko Petroleum Corporation, acting on its own behalf as a fee Mineral Interest Owner within the "Subject Lands" (as defined in the RAA) of CPE's referenced Docket matter, is aware that the RAA is scheduled to be heard by the Board on December 4, 2013 in Salt Lake City, Utah.

As such, our office has reviewed the technical information associated with the referenced request before the Board. KMG strongly supports the subject application and respectfully encourages the Board to grant CPE's request in order to maximize the ultimate recovery of the
